About The Company

At Zubacx, we specialize in delivering cutting-edge technology solutions that are tailored to meet the evolving needs of modern businesses. Our mission is to empower organizations with the tools and systems necessary to drive operational excellence, strengthen security, and elevate customer experiences. We understand that in today's fast-paced digital landscape, technology is not just a support function—it's a core enabler of business success.

With a team of highly skilled professionals and a forward-thinking approach, we combine innovation, technical expertise, and strategic insight to help our clients thrive. From small enterprises to large multinational corporations, we partner with organizations across various sectors, offering scalable and customized solutions that align with their unique objectives and challenges.

Find Us Here

Our Approach

At Zubacx, our work is guided by a customer-centric philosophy. We believe that technology should serve the business—not the other way around. That’s why we begin every engagement with a deep dive into our client’s operations, goals, and pain points. We then design bespoke solutions that are both technically sound and strategically aligned.

We combine agile development methodologies with continuous testing and feedback loops, ensuring that our solutions remain flexible and responsive to change. Collaboration is key—our clients are active partners throughout the project lifecycle, from planning and development to deployment and ongoing support.

“ We aim to continuously improve convenience and experience for clients in accessing goods and services ”

Our Mission

Zubacx aims to bring to market the latest in technological developments in the context of local environments in which clients operate. This allows relevance and optimum value to be at the forefront of such deployments in the most cost effective manner for our partners.

Our Vision

Zubacx is committed to fostering employee well-being, maximizing customer satisfaction, optimizing costs for strong shareholder returns, delivering the latest in technological advancements, and upholding environmental responsibility in all aspects of its operations.

Why Choose Us?

Innovation: We stay ahead of the curve by constantly exploring emerging technologies and trends.

Expertise: Our team includes specialists in software engineering, cybersecurity, data science, cloud architecture, and more.

Scalability: Whether you're a startup or a large enterprise, our solutions grow with your business.

Reliability: We are committed to delivering on time and within budget—without compromising on quality.

Integrity: Our transparent and ethical approach has earned us the trust of clients across industries.

Looking Ahead

The future belongs to organizations that are willing to embrace digital transformation and invest in smart, scalable solutions. At Zubacx, we are committed to being a strategic partner on that journey. As technology continues to evolve, so do we—innovating, adapting, and delivering solutions that help our clients not only succeed today but also prepare for tomorrow.

Our Commitment to Security & Compliance

We understand that trust is the foundation of payments. That's why all our solutions are built to the highest global security standards:

- **PCI DSS Compliant** – Ensuring all cardholder data is fully protected.
 - **ISO/IEC 27001 Certified** – Global standard for information security management.
 - **Data Privacy Regulations** – Compliant with GDPR and other international data protection laws.
-

What We Do?

Zubacx offers a comprehensive suite of technology services that span across infrastructure, cloud computing, cybersecurity, software development, data analytics, and digital transformation. Our approach is centered around understanding the specific goals of each client, and then crafting solutions that not only meet their current needs but also anticipate future demands.

■ Enhancing Efficiency

We streamline business operations through the implementation of smart technologies and automation tools.

■ Strengthening Security

In an age of increasing cyber threats, we prioritize the development and deployment of secure systems.

■ Driving Customer Satisfaction

We help businesses meet and exceed these expectations through technology-driven customer engagement solutions.

Industries We Serve

We take pride in our versatility and the ability to adapt our solutions to suit a wide array of industries. Our clients come from diverse sectors:

■ **Finance and Banking**

■ **Government and Public Sector**

■ **Retail and E-commerce**

■ **Telecommunications**

■ **Manufacturing and Supply Chain**

■ **Healthcare**

Our cross-industry experience allows us to bring best practices from one domain into another, often uncovering new efficiencies and innovative approaches that might not have been considered otherwise.

DIGITAL BANKING SOLUTIONS

Our digital banking solutions help banks to provide their customers with a convenient and secure way to bank online and on the go. We offer a wide range of digital banking solutions, including mobile banking apps, online banking platforms, biometric and android POS terminals, ATM, bulk Cash Deposit solutions and Terminal Monitoring Solutions.

AIRPORT MANAGEMENT SOLUTIONS

Our airport management solutions help airports to improve their efficiency and security. We offer a wide range of airport management solutions, including;

- Flight Information Display Systems (FIDS)
- Common Use Passenger Processing Systems (CUPPS)
- Self Check-In Kiosks.

NETWORK INFRASTRUCTURE SOLUTIONS

Our network infrastructure solutions help businesses to build and maintain reliable and secure networks. We offer a wide range of network infrastructure solutions, including infrastructure, routers, switches, servers, and firewalls.

AML & KYC COMPLIANCE SOLUTIONS

A one - Stop Solution for setting up a complete outlook on Compliance Management and monitoring. Introducing the solution sets a predefined and clear framework for safe client on boarding. The dynamic of the solution offers Omega Funds a well- structured set of criteria that produce accurate risk evaluation scoring on clients.

ADVANCED METERING INFRASTRUCTURE

Internet of Things (IoT) application that measures, collects, and analyzes energy usage, and communicates with metering devices such as electricity meters , gas meters, etc

CASH OPTIMIZATION SOLUTIONS

Cash optimization is having good cash visibility. The better your cash visibility the easier it is to make optimal decisions at the right time. CCO uses dedicated algorithms and workflows to support commissioning and central cash ordering processes at the cash center.

PAYMENT SOLUTIONS

We empower businesses with secure, reliable, and innovative payment technologies designed for the modern marketplace.

Our integrated software and hardware solutions make it easy to accept, process, and manage payments – anytime, anywhere.

Simplify Payments. Maximize Growth.

We deliver cutting-edge payment solutions that help businesses not only accept money – but also grow faster, smarter, and more efficiently.

POWER SOLUTIONS

Our power solutions, encompasses small, medium and large data centers as well as industrial applications. We have a deep understanding of our customers' needs, ensuring more efficient and more reliable power supply solutions.

Innovation is integral to our heritage, with patented systems such as Best Power, Powerware, MGE Office Protection Systems and B-Line.

Our Partners

At Zubacx, collaboration is at the heart of everything we do. We believe that strong partnerships create lasting value and drive innovation. That's why we've built meaningful relationships with trusted organizations, brands, and communities across the globe.

Why We Value Partnerships

Our partners help us extend our reach, strengthen our expertise, and deliver impactful solutions to our clients. Together, we share knowledge, resources, and opportunities that foster growth and success for all.

Our Partnership Pillars

- **Innovation** – Co-creating solutions that solve real-world challenges.
- **Trust** – Building transparent, long-term relationships based on reliability.
- **Growth** – Expanding opportunities for mutual success.
- **Impact** – Working together to make a difference in the industries and communities we serve.

Meet Our Partners

We are proud to work alongside:

Become a Partner

We're always looking to connect with organizations that share our vision of innovation, excellence, and impact. If you're interested in exploring partnership opportunities with us, please get in touch.

Our Clients

Our clients are at the center of everything we do. We've had the privilege of working with businesses, organizations, and individuals across diverse industries—helping them achieve their goals through creative, innovative, and reliable solutions.

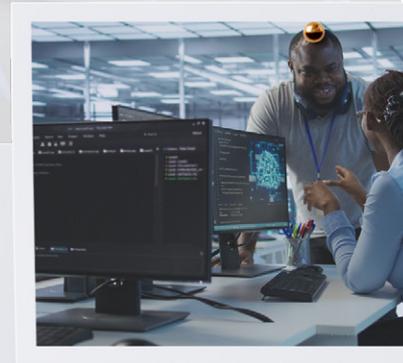

Trusted by Leading Brands

From startups and growing businesses to established enterprises, our clients trust us to deliver results that matter. Each partnership is built on transparency, collaboration, and a shared vision for success.

Our Promise to Clients

- **Dedication** – We treat your goals as our own.
- **Quality** – Every project is crafted with precision and care.
- **Support** – We provide continuous guidance before, during, and after delivery.

At Zubacx, we merge creativity, technology, and strategy to deliver future-ready solutions that empower businesses to grow, adapt, and thrive. From digital design and payment innovations to IT support, we are more than a service provider—we are a trusted partner committed to driving impact, efficiency, and long-term success.
